# HARSHIKA PATEL

## SUMMARY

Experienced Software Test Engineer with 3+ years in manual testing, diverse testing tool proficiency, and a strong track record ensuring software quality. Adaptable, tech-savvy, and eager to learn, I'm poised to excel in any tech environment.

## EXPERIENCE

**Software Test Engineer**, 03/2020 - 08/2022
**Casepoint Pvt. Ltd. - Surat, India**

- Extensive experience in software testing, particularly on **Casepoint.com**, employing Agile methodology. This involved Sprint planning and Sprint review meetings, as well as Daily scrum sessions for efficient project management. I contributed to the quality assurance process through various stages, such as Audit, Ticket testing, and production testing.
- Actively participated in Test Planning,Test case generation and execution, ensuring comprehensive test coverage. My expertise extends to managing the Bug life cycle, conducting UI testing, and performing Database testing with SQL queries. I utilized tools like Postman for API testing and conducted both Functional and non-functional testing. Additionally, I excelled in regression testing and load testing to maintain software integrity.
- My skills also include User Acceptance Testing (UAT) and report generation, involving the creation of diverse file types for testing purposes. Overall, my proficiency encompasses a broad spectrum of testing techniques and Agile project management practices.

**Junior QA Tester**, 02/2019 - 02/2020
**Vasundhara vision - Surat, India**

- Tested Android and iOS mobile apps, websites, and games on various devices and OS versions.
- Managed client projects, conducting API, functional, non-functional, Regression, Adhoc, smoke, alpha, and beta testing.
- Contributed ideas for improvements and new projects. In my role, I used Jira for bug tracking, Postman for API testing, and tested on diverse devices, checking database with different SQL queries.
- My tested apps are Clap to find My phone,Photo Gallery,Photo math, Secret Diary with Lock ,Many more...

## EDUCATION AND TRAINING

**Post-Graduate Certificate in Software Quality Assurance and Test Engineering**, 01/2023
**Conestoga College** - Waterloo, Ontario
